Distinguished Facts about your Institution (please list no more than 5):

Examples include: updates on campus, new programs, awards/rankings, etc.

- 1- For the Fall 2022 semester, CCU welcomed 2,700 new freshmen students – the largest freshman class in University history.
- 2- Over 100 degree programs. The most popular majors are marine science, psychology, biology, exercise and sport science, and management. The new criminal justice major has been popular with students entering for Fall 2022.
- 3- In May 2022, construction began on the Thompson Library, a \$29.8 million, two-story, 64,000-square-foot library integrating student spaces and cutting-edge, immersive technologies including a maker space, a virtual reality and data visualization lab, and individual studios for video/audio production.
- 4- New academic college: On July 1, 2022, CCU partnered with Conway Medical Center for the new Conway Medical Center College of Health and Human Performance (www.coastal.edu/cmchhp). The new academic college is home to the following majors: public health, exercise and sport science, recreation and sport management, health administration and the nursing BSN (RN to BSN).
- 5- CCU now offers students the First Day® Complete course material fulfillment program to reduce costs of course materials and books for students.

Virtual or In-Person Visit Opportunities for Prospective Students (please list events and registration links/websites, etc.):

Distinguished Facts about your Institution (please list no more than 5):

- *The College was founded by the Society of Friends (Quakers) in 1837, and their principles are reflected in the campus culture through the emphasis on; Community, Diversity, Equality, Excellence, Integrity, Justice, Stewardship.*
- *Guilford College is a part of an exclusive list of "Colleges that Change Lives." The book Colleges that Change Lives calls Guilford a "stimulating place where the teachers care, where they expect a lot, and where they provide encouragement as well as the challenge to get young people to do things they had no idea they could do."*
- *According to College Rank, Guilford College is the #15 "Best Places To Study Abroad." Guilford College is the only North Carolina School, and one of only 3 institutions in the Southeast on this list.*
- *Guilford College is home to the Guilford Farm which hosts our Sustainable Food Systems program. The farm is responsible for over 10,000 pounds of produce grown each year. This same produce is used daily in our dining halls, campus farmers markets, as well as donated to local community members.*
- *Campus Pride has released its "Best of the Best" Top 30 LGBTQ-friendly college list for 2021. The lists highlights campuses nationally that are setting high standards for LGBTQ inclusion in policy, program, and practice. Guilford College, previously featured in 2018 and 2020, is again on the list.*

Scholarship opportunities: <https://finaid.olemiss.edu/scholarships/>

Distinguished Facts about your Institution (please list no more than 5):

Examples include: updates on campus, new programs, awards/rankings, etc.

1. Founded in 1848, the University of Mississippi, affectionately known to alumni, students and friends as Ole Miss, is Mississippi's flagship university.
2. Ole Miss has been named the "Most Beautiful College" by *USA Today*, *Newsweek* and *The Princeton Review*. Oxford has also been named "America's Best College Town" by *Southern Living* and *ESPN*.
3. Ole Miss is home to the #1 School of Accountancy in the SEC (8th in the country), an internationally ranked

School of Business, and a top 25 School of Pharmacy.

4. The university boasts an 89% retention rate from freshman to sophomore Year, which is both a university and state record.
5. The speed limits on our campus (10 and 18) are in honor of two famous quarterbacks (Eli and Archie Manning).

Virtual or In-Person Visit Opportunities for Prospective Students (please list events and registration links/websites, etc.):

- **Saturday Visit Days (*Sept. 17th and Dec. 3rd*):** These visit days are weekend opportunities for prospective students and their families to participate in information sessions, take a campus tour with an Ole Miss Ambassador, and visit both contemporary and traditional style residence halls.
- **Fall Visit Day (*October 8th*):** This visit day (our largest of the semester) is designed to give high school students and their families a chance to learn what the University of Mississippi is really like, directly from faculty and current students. An academic browse fair, tours of campus and residence halls, and sessions on admissions and financial aid are offered.
- **Fall Fridays (*Sept. 2nd, Sept. 9th, Sept. 23rd, Sept. 30th, Oct. 14th and Nov. 11th*):** This visit program includes an information session, a campus tour given by an Ole Miss Ambassador, student housing tour, and an academic browse fair that will give students the opportunity to meet with academic representatives from across campus. Fall Fridays take place every Friday before a home Ole Miss football game, so these are larger events that offer a unique, yet fun time to visit campus and see our school spirit on full display!
- Come spend the day with us! Visit <https://admissions.olemiss.edu/visit/> to schedule your visit! Registration opens 8 weeks prior to each event.

Application Deadlines:

Early Action - December 1, 2022 (non-binding)

Regular Decision - February 1, 2022 (non-binding)

Rolling Decision - June 15, 2023

Institution Information

Average class size: 14-17 students per class

Student/Faculty Ratio: 12:1

Number of undergraduate majors: 46

Scholarship opportunities: YES

Distinguished Facts about your Institution (please list no more than 5):

Customizable academics - With over 40 undergraduate majors and nine pre-professional programs, we provide a variety of ways to customize a degree and college experience.

Health Profession Graduate Programs - PC is home to 3 graduate programs: Pharmacy, Physician's Assistant, and Occupational Therapy. Healthcare employment is on the rise, projected to grow 16% from 2020 to 2030 according to the Bureau of Labor Statistics. For those students interested in a career as a medical professional, PC is the place to begin!

JEDI - PC is committed to having a welcoming, nurturing, and empowering environment where all who live, learn, work, and visit can be their authentic selves. In June, we hired our Vice President for Justice, Equity, Diversity, and Inclusion, and in July established the JEDI Division consisting of the VP for JEDI, Accessible Education, Counseling and Health as well as the Jacobs Scholars and Presby First+ programs to ensure that students of all faiths, identities, and backgrounds

have the necessary resources and support to not just survive their time at PC, but to thrive at PC. Accessible Education will work with students who may have a 504, IEP, or a life-altering medical condition to remove environmental barriers to success in the classroom, housing, or dining hall. Counseling and Health Services help students identify ways to promote good physical and mental health. Jacobs Scholars, PC's Signature Initiative, provides a web of support to students impacted by foster care and Presby First+ takes a holistic approach to setting first-generation college students up for academic and personal success.

Palmetto Girls State/Boys State Promise Scholarship - The new scholarship was announced in honor of the 75th anniversary of Palmetto Girls State and is for those 2022 participants who will be applying for enrollment for fall 2023. The Palmetto Girls State Promise Scholarship is valued at \$100,000 per student, awarded as a \$25,000 per year scholarship, for a maximum of four years while enrolled at Presbyterian College. The \$25,000 per year scholarship is a minimum commitment from Presbyterian College, meaning students can certainly qualify for additional, higher scholarships to the institution.

Affordable - All the benefits of a small, private liberal arts institution at the cost of a large flagship public school. Last year, 100 percent of our incoming class qualified for merit scholarships. Affordability is great, but what about value? Over the last six years, 95% of PC graduates were either employed or in graduate school within six months of graduation, demonstrating that employers and graduate schools across the country recognize the value of a PC degree and all that it encompasses.

Distinguished Facts about your Institution (please list no more than 5):

Examples include: updates on campus, new programs, awards/rankings, etc.

- For the 2022-2023 academic year, most S.C. residents qualify for free tuition for all programs.
- TTC has five campus locations: North Charleston, downtown Charleston, Summerville, Moncks Corner and Mount Pleasant.
- Trident Tech coordinates the Charleston Regional Youth Apprenticeship program, which allows high school students to earn both high school and college credit while getting paid on-the-job work experience. At the completion of the two-year program, graduates will have earned a high school diploma, a Trident Tech certificate and a nationally recognized credential from the U.S. Dept. of Labor.
- Classes are offered in 3-week, 7-week and 14-week terms.
- New students are assigned a personal Navigator who assists with general help and guidance throughout the enrollment process.

Distinguished Facts about your Institution (please list no more than 5):

- **New Buildings** Opened fall 2021: 228,000-square-foot facility will provide state-of-the-art research and classroom space for the Tickle College of Engineering and a new dining facility includes a full-service Chick-fil-A and a fresh food concept -the dining area will feature vaulted ceilings, fireplaces, and extra-large windows.
- Engineering students at the University of Tennessee, Knoxville, earned the title of world champions at the 2021 **VEXU Robotics World Championship** in Greenville, Texas. Tickle College of Engineering's Vex University Robotics Team, YNOT, was one of more than 300 teams from universities around the world to compete throughout the season for a qualifying spot. Grant Kobes, a senior from Spartanburg, South Carolina, is the founder and lead designer for YNOT. He launched the team four years ago as a project for his honors leadership studies minor through the Honors Leadership program. His goal was to create an opportunity for engineering students to gain hands-on experience with the engineering design process.

- **Record Enrollment:** more than 5,900 new first-year students joined the Volunteer family, making up the largest first-year cohort on record and marking a 23 percent increase in new first-year enrollment over the past five years. Members of this year's first-year class hail from 88 counties in Tennessee and 44 states across the US.

Distinguished Facts about your Institution (please list no more than 5):

- ✓ **30th President:** Michael Amiridis
- ✓ **New Major:** Neuroscience
- ✓ **Largest and most diverse freshman class to-date:** [read more here](#)

- ✓ **Top-rankings** for Honors College, public First-Year experience, Sport Science, and International Business
- ✓ **Test-optional process:**
 - o Test-optional applies to all areas: admission, scholarship consideration and Honors College applications.
 - o Students will select within the application if they wish to have their test scores considered or not.
 - o Official scores previously sent directly to UofSC will be considered if the student indicates for them to be.
 - o Eligibility for state-funded scholarships still requires test scores; students can apply to UofSC test-optional but will still need official scores sent to be awarded these scholarships prior to enrollment.
 - o Should a student change their mind about which testing plan they want, they can change it by November 1 for Early Answer and January 15 for Regular Decision. The selected testing plan will apply across the board. Students cannot have different testing plans for admission, Honors, and scholarship consideration.
 - o Students who choose to submit scores may self-report them on the application or add more later to their UofSC Admissions Portal for admission consideration (up until their credentials deadline). Students applying Early Action may still submit scores past the November 1 credential deadline for scholarship consideration if they have elected to use test scores in their process.
- ✓ **School report forms** are emailed to counselors once a student enters your name and email address in the application. In addition to the UofSC school report form, we accept forms from Common App, NACAC or SCOIR and do not have a preference for which one you send. UofSC accepts **fee waivers** from [NACAC](#), SAT/ACT application fee waivers, Common App, SCOIR, and if a student is enrolled in a TRIO program, their fee will be waived during the application process.
